Beauty and the Beast:

Mark asked for another A frame sign to be built by the tech team. Karen stated she will pass along the info to the tech team. There was also discussion about distributing posters to area schools (a sign up sheet was sent around) and as the date gets closer for the school to advertise the show on the "morning announcements" at the area schools.

The first of two orders has been placed for the tee shirts. They should be ready by noon on Friday and will be distributed by Lauri.

We have retrieved a number of costumes from RCP. Ann has a form with the sizes of all the cast members and has developed a record for each costume.

Ann will work with the prop student to identify what we need.

A friendly reminder that ads for the program are still available. Please encourage any local business that you might have a relationship with to please advertise in the program. Melanie has begun to get the Head Shots of the actors. She will also be at homecoming taking pictures.

Sherri is in charge of the front of the house and all positions are filled.

Amy Peterson is looking for 2-3 moms to commit to getting dinners together (pick up, set up and clean up). At this time we are planning on providing 2 dinners for the students.

Amy did request additional funds for a third dinner if it becomes necessary. The board approved.

The next tech day is Nov.12th and then again on Nov.19th. More people are needed. Ann will send reminder for HELP. Ann's email is aearnest@cox.net.

Improv: The team did a great job at their most recent competition. It was brought up to the board to please think about a budget for IMPROV.
